

## St.Lamberts Afterschool Enrichment Newsletter

### From the Lead

Spring is finally here! Please remember that students need to wear a light jacket in order to enjoy our Spring weather. Our St.Lamberts students have an exciting April of learning experiences!! Our theme for March was water. We were able to explore many adventures with water.

We want to invite all of our families to our Family Night at our Sneve building. This fun filled night will be held on Thursday, April 8th from 6:30-8:00. come join us for a complimentary supper and view our water activities! We hope to see many families on this exciting night.

Happy April to everyone!

My name is Becky Janssen and I am the new School Age Programs Coordinator for YES. I am very excited to be working with the Youth Enrichment Services program. I have been in South Dakota for 5 years now, since my move from the Chicagoland area. The people of Sioux Falls have impressed me so much that I have adopted the community as my own, and have developed a tremendous passion for the youth within the Sioux Empire. In one way or another, I have been working with the children of Sioux Falls since arriving, whether in the soccer community, at summer camps, substitute teaching, or when volunteering at the Multi Cultural Center. I hope to bring an energy and dedication to children that truly makes YES the premier afterschool program in the area. With my experience with children, an undergraduate degree in education and Masters in Administration, I want to help continue growing the Afterschool Enrichment Program / Summer Enrichment so that kids are counting the hours until school ends each day and year!

Be sure to say "Hi" and introduce yourself if you see me around at the various sites—I'll be the one in the thick of things playing games with the kids laughing my head off with a huge smile on my face!

Becky :)

### Summer 2010

Summer is just around the corner and all of us here at Y.E.S. are super excited about all the amazing things that are happening. You have probably seen us handing out fliers, singing camp songs or just getting kids excited about summer. Our desire is to provide a safe quality program that whether you come for one week or all of them your camper is having an experience to last a lifetime. Each week we will have swim days, special event days and we are going to have an amazing time. Please keep reading and looking for information as we Voyage toward Discovery.
